

# 2010 Colorado Health Benefit Plan Description Form

## Denver Health Medical Plan, Inc.

### Point of Service Plan

#### PART A: TYPE OF COVERAGE

1. TYPE OF PLAN	Point of Service (POS)
2. OUT-OF-NETWORK CARE COVERED? <sup>1</sup>	Only for emergency and urgent care.
3. AREAS OF COLORADO WHERE PLAN IS AVAILABLE	Plan is available <b>only</b> in the following areas: Denver, Jefferson, Arapahoe, and Adams Counties.

#### PART B: SUMMARY OF BENEFITS

**IMPORTANT NOTE:** This form is not a contract. It is only a summary. The contents of this form are subject to the provisions of the policy, which contains all terms, covenants and conditions of coverage. Your plan may exclude coverage for certain treatments, diagnoses, or services not noted below. The benefits shown in this summary may only be available if required plan procedures are followed (e.g., plans may require pre-authorization, a referral from your primary care physician, or use of specified providers or facilities. Consult the actual policy to determine the exact terms and conditions of coverage. Coinsurance options reflect the amount the PLAN will pay. Deductible and copay are paid by the MEMBER.

	In-Network	Cofinity Preferred Provider Network	Out-of-Network

## ENDNOTES

- 1 "Network" refers to a specified group of physicians, hospitals, medical clinics and other health care providers that your plan may require you to use in order for you to get any coverage at all under the plan, or that the plan may encourage you to use because it may pay more of your bill if you use their network providers (i.e., go in-network) than if you don't (i.e., go out-of-network).
- 2 "Deductible type" indicates whether the Deductible period is "Calendar Year" (Jan 1 – Dec 31) or "Benefit Year" (i.e. based on a benefit year beginning on the policy's anniversary date) or if the Deductible is based on other requirements such as "Per Accident or Injury" or "Per Confinement".
- 2a A "Deductible" means the amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a calendar year or benefit year) before the carrier will cover those expenses. The specific expenses that are subject to deductible may vary by policy. Expenses that are subject to deductible should be noted in boxes 8 through 31.
- 2b "Individual" means the deductible amount you and each individual covered by a non-HSA qualified policy will have to pay for allowable covered expenses before the carrier will cover those expenses. "Single" means the deductible amount you will have to pay for allowable covered expenses under an HSA-qualified health plan when you are the only individual covered by the plan.
- 2c "Family" is the maximum deductible amount that is required to be met for all family members covered by a non-HSA qualified policy and it may be an aggregated amount (e.g., "\$3,000 per family") or specified as the number of individual deductibles that must be met (e.g., "3 deductibles per family"). "Non-single" is the deductible amount that must be met by one or more family members covered by an HSA-qualified plan before any benefits are paid.
- 3 "Out-of-pocket maximum" means the maximum amount you will have to pay for allowable covered expenses under a health plan, which may or may not include the deductible or copayment, depending on the contract for that plan. The specific deductible or copayment included in the out-of-pocket maximum may vary by policy. Expenses that are applied toward the out-of-pocket maximum may be noted in boxes 8 through 31.
- 4 Medical office visits include physician, mid-level practitioner, and specialist visits, including outpatient psychotherapy visits for biologically-based mental illness and mental disorders as defined in Endnote number 9 below.
- 5 Well-baby care includes an in-hospital newborn pediatric visit and newborn hearing screening. The hospital copayment applies to mother and well-baby together; there are not separate copayments, unless mother and baby are discharged separately.
- 6 Prescription drugs otherwise excluded are not covered, regardless of whether preferred generic, preferred brand name, or non-preferred.
- 7 "Emergency care" means services delivered by an emergency care facility that are necessary to screen and stabilize a covered person. The plan must cover this care if a prudent lay person having average knowledge of health services and medicine and acting reasonably would have believed that an emergency medical condition or life or limb threatening emergency existed.
- 8 Non-emergency care delivered in an emergency room is covered only if the covered person receiving such care was referred to the emergency room by his/her carrier or primary care physician. If emergency departments are used by the plan for non-emergency after-hours care, then urgent care copayments apply.
- 9 "Biologically based mental illnesses" means schizophrenia, schizoaffective disorder, bipolar affective disorder, major depressive disorder, specific obsessive-compulsive disorder, and panic disorder. "Mental disorders" are defined as post-traumatic stress disorder, drug and alcohol disorders, dysthymia, cyclothymia, social phobia, agoraphobia with panic disorder, general anxiety disorder, bulimia nervosa and anorexia nervosa.
- 10 Waiver of pre-existing condition exclusions. State law requires carriers to waive some or all of the pre-existing condition exclusion period based on other coverage you recently may have had. Ask your carrier or plan sponsor (e.g., employer) for details.
- 11 Grievances. Colorado law requires all plans to use consistent grievance procedures. Write the Colorado Division of Insurance for a copy of these procedures.

### **Pre-authorization is required for, but not limited to, the following services:**

Durable medical equipment, genetic testing, home health care, including IV therapy; all hospital stays, including alcohol or substance abuse-related stays, outpatient surgery, except those procedures performed in a physician's office, non-formulary medications, skilled nursing facilities, transplant evaluations and procedures and hospice. Contact your Primary Care Physician or Specialist to request these services along with the Medical Necessity.
