THE ROLE OF YOUR PRIMARY CARE PROVIDER (PCP)

As a member of Denver Medical Care, you need to select a PCP when you enroll in order to receive DHMP covered benefits. Each family member may select a different PCP. If you have not chosen a PCP, please do so as soon as possible. You will find a listing of participating PCPs on in this directory. You may also go online at www.denverhealthmedicalplan.com. It is a good idea to make an appointment with the PCP you choose in order to establish a relationship with them. This is extremely helpful so the provider will already have your health history when you need care in the future.

Your PCP is the practitioner who supervises, coordinates and provides your initial and basic care, initiates referrals to specialist care and maintains the continuity of your care. PCPs can be Family Practice, Internal Medicine or Pediatric practitioners. All health care services should be provided or referred by your PCP except for life or limb threatening emergency care, mental health care, routine eye exams, chiropractic care and OB/GYN care for women.

CHANGING YOUR PCP

If you wish to change your PCP or the PCP for any member of your family, you may do so by calling Member Services at (303) 602-2100 or (800) 700-8140 or by going online at www.denverhealthmedicalplan.com.

WHAT TO DO IN AN EMERGENCY

In a life or limb threatening emergency situation, call 911 or go to the nearest hospital emergency ment. Notify you PCP as soon as reasonably possible so that he/she can coordinate subsequent care and schedule follow-up treatment. When living or traveling outside of the network area, only emergency and urgent care services will be covered. If you or a family member have been seen at/or admitted to a non-network hospital for emergency care, you will need to call DHMP Medical Management at (303) 602-2140 within 48 hours of seeking treatment or as soon as reasonably possible, so we may assist in the coordination of your care.

VISITING A NETWORK SPECIALIST

Specialty care is a covered benefit only when a valid referral is made by your PCP. Specialists participating in the DHMP network are listed later in this directory. You will also find listings for chiropractic care, acupuncture and massage therapy.

IMPORTANT INFORMATION REGARDING YOUR PROVIDERS

Thank you for selecting Denver Health Medical Plan, Inc. (DHMP). To assist you in accessing your benefits, we have developed this directory. This directory contains all active DHMP participating providers, and is current as of the date noted on the front and back cover; any additions/deletions will be reflected in future updates.

Enrolling in the Denver Health Medical Plan, Inc. (DHMP) HMO does not guarantee services by a particular provider on this list. Periodic changes to this list will occur as providers may be added or their participation with DHMP may change. Please be aware that Denver Health is a teaching facility and when scheduling an appointment with a specialist, you will be scheduled with the appropriate specialty clinic, not necessarily a specific physician.

To verify a provider's status please call Member Services at 303-602-2100, or 800-700-8140. To get additional information regarding a provider's age, gender, race/ethnicity, also call Member Services.

If a provider is certified with his/her appropriate Medical Board, It has been indicated with an asterisk "*" placed before his/her name. You may verify board certifications yourself by going to the following web page: www.abms.org. This is an online resource maintained by the American Board of Medical Specialties.

There are many DHMP providers who speak more than one language. This information is indicated by an abbreviation in parenthesis following his or her name. Please use the key to the left to identify the abbreviations

Arabic.....	AR
Armenian.....	AM
Czech.....	CZ
Farsi.....	FA
French.....	FR
German.....	GE
Hebrew.....	HB
Hindi.....	HI
Italian.....	IT
Kashmiri.....	KA
Kiswahili.....	KI
Korean.....	KO
Mandarin Chinese.....	MC
Norwegian.....	SC
Portuguese.....	PR
Russian.....	RU
Spanish.....	SP
Swedish.....	SW
Turkish.....	TU
Urdu.....	UR
Vietnamese.....	VI

Example: *John Smith, MD (SP)(FR) means Dr. Smith is board certified in his field, and he speaks Spanish and French as well as English.

DENVER HEALTH PRIMARY CARE PROVIDERS

LEVEL ONE PHYSICIANS (FORMERLY KNOWN AS DHMP CLINIC)

301 W. 6th Ave
1st Floor
Denver, CO 80204
(303) 602-8270

Level One Physicians (formerly known as DHMP Clinic) is a primary care clinic located on the Denver Health campus with access to on-site laboratory, radiology, and pharmacy services. Level One Physicians is here to provide care for you and your entire family. This is a primary care clinic staffed by Family Practice, Internal Medicine, and Pediatric providers. Primary OB/GYN care is also offered through Level One Physicians clinic providers. Behavioral Health Services are available on-site as well as certain limited specialty services. Care is by appointment only, but staff strive to provide same day access when available to meet the needs of your family.

Specialists, such as Rheumatology, Endocrinology and Dermatology, see patients at the Level One Physicians clinic. Front desk staff are happy to help you schedule appointments with these specialists.
